

Accessories

Fuel/Oil

Sandwich Plates

Code	Description
SP1	3/4 UNF
SP1-A	5/8 UNF
SP1-C	13/16 UNF
SP1-D	M18 x 1.5
SP1-F	M20 x 1.5
OT-SP1	3/4 UNF C/W T. STAT

Fuel Filler Caps

Code	Description
CAP2	3" Flush Cap Non-locking
CAP3	3" Flush Cap Locking
CAP3SF	2" Flush Cap Lockable with Flange

Fuel Filler Funnels & Filler Neck Hose

Code	Description
FUN1	2" Funnel Neck
FUN2	2-1/4" Funnel Neck

Fuel Pumps

Code	Description
476087	Silver Top - Road Use
480530	Silver Top - Road/Competition Use
480532	Red Top - Works/Competition Use
40106	Solid State - Road Use
40107	Solid State - Competition Use
FPA-905	FACET Pump Mounting Kit

Material Identification:

Z = Zinc Plated Mild Steel EN = Electroless Nickel Plated Mild Steel HC = Stainless Steel D = Aluminium TI = Titanium Alloy B = Brass

Hose Protection

Fire Sleeve

Protects hose from high temperatures. Our smooth texture, silicone fire jacket offers the best insulation and continuous protection up to 260°C (500°F).

Code	To Suit Hose Size or Tube
SFG-03	-3
SFG-09	-4
SFG-16	-6
SFG-17	-8
SFG-20	-10
SFG-22	-12

Heat Protection Tube

Ohler® Flexrohr Type GA2-A

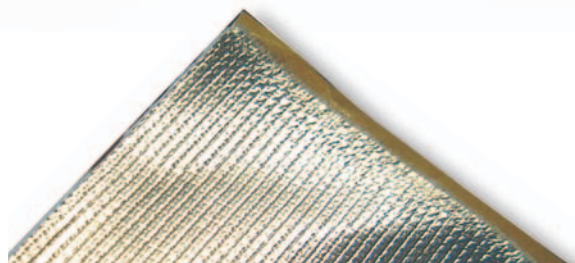

Due to the high reflection ability of the bright aluminium surface, the heat-protection tube is much more resistant against radiant heat. Depending on the installation-proportions, the temperature of the source of radiation can amount to a multiple of the above mentioned temperature-resistance, e.g. 700 – 800°C.

Application

For protection against radiant heat of: Coolant tubes, aircon pipes, PAS tubes, fuel pipes, manual and automatic gear shift cables, speedometer cables, Bowden cables, electric cables.

- Supplied in 20 Metre Lengths
- Inner layer : Glass fibre on aluminium laminate
- Outer layer : Aluminium alloy
- Temperature resistance : 40°C up to + 250°C

Code	To Suit Hose Size or Tube
GA2-A-10	10mm
GA2-A-12	12mm
GA2-A-14.5	14.5mm
GA2-A-17.5	17.5mm
GA2-A-20	20mm
GA2-A-24.5	28mm
GA2-A-34	34mm

Heat Protection Sheet

Ohler® Flexrohr Type 332 ALFOL

For use to insulate against ambient heat.

- Self adhesive backing for easy mounting on any surface
- Glossy foil with good heat reflection properties
- Buckle & Abrasive Resistant

Code	Size
332-ALFOL-1-10-SA	Available by 1m lengths x 1m wide

Ancillaries

Lock Wire

Code	Size	Material
